

Movie Review App - User Stories Document

Version: V1.0

Group Members: Mohamed Abdelmagid, Syed Hasan, Mohamed Mujtaba

Trainer: Jasdhir Singh

Date: October 8, 2025

Project Description

Project Title: Movie Review App

Project Description: The Movie Review App is a full-stack web application that allows users to browse movies, view details, and submit reviews.

Objective / Tools Used: Java, SQL, GIT, HTML, Typescript, React, Spring, Spring Boot, Spring MVC, Spring Data.

Duration: 3 Weeks (During Training)

Project Type: Group Project

Outcome: Associates should be able to develop a full-stack application using Spring REST and React.

User Stories

Epic 1: User Authentication

- **US-1.1: User Registration** — As a new visitor, I want to create an account so that I can write movie reviews.
- **US-1.2: User Login** — As a registered user, I want to log into my account so that I can access personalized features.
- **US-1.3: User Logout** — As a logged-in user, I want to log out of my account so that I can

secure my account when done.

Epic 2: Browse Movies

- **US-2.1: View Movie List** — As a visitor, I want to see a list of all movies so that I can browse available movies.
- **US-2.2: View Movie Details** — As a visitor, I want to see detailed information about a movie so that I can learn more about it.
- **US-2.3: Search Movies** — As a visitor, I want to search for movies by title so that I can quickly find specific movies.

Epic 3: Review System

- **US-3.1: Read Reviews** — As a visitor, I want to read reviews for a movie so that I can see other people's opinions.
- **US-3.2: Write Review** — As a logged-in user, I want to write a review for a movie so that I can share my opinion.
- **US-3.3: Edit My Review** — As a logged-in user, I want to edit my own review so that I can correct or update my opinion.
- **US-3.4: Delete My Review** — As a logged-in user, I want to delete my own review so that I can remove reviews I no longer want public.
- **US-3.5: Update Movie Rating** — As a visitor, I want to see the average rating for each movie so that I can gauge overall opinion.

Epic 4: User Experience

- **US-4.1: View My Profile** — As a logged-in user, I want to view my profile page so that I can see my account information and activity.
- **US-4.2: My Reviews** — As a logged-in user, I want to see all reviews I've written so that I can manage my contributions.
- **US-4.3: Responsive Design** — As a mobile user, I want to use the app on my phone so that I can browse movies anywhere.
